September 24th, 2007 - Motorola Contact Lists Web site

Hello Everyone,

A couple of months ago I was contacted by one of our most revered Motorola Expatriates, Cindy Warren.

She had an idea.....

Cindy asked if I could put together a web site to replace the "Contact Lists" that she and other generous souls have maintained over the years. I was honored that she thought of me for this request. What you see at this web site is the result of that request.

I'd like to thank Cindy, Jim Moore and John Banna all of who were roped into testing the site for me. They all provided excellent input.

The system is new and if you have any usability issues, encounter an error or have an idea that would improve the site, please don't hesitate to contact me.

I hope this site proves useful to all who register and use it. It's here for you. There are only a few things I'd ask of any users:

- 1) Spread the word about the site if you like it.
- 2) If you decide you don't like the site, let me know what I can do better.
- 3) If your contact info changes, update it here as soon as you get a chance.
- 4) If you work for a "Staffing Firm", Quit (just kidding). But seriously please don't try to farm the site for a list of email addresses.

Regards,

Adam Signore
